The February 9, 2011 minutes were held over to next month, as there was no quorum.

PUBLIC COMMENT

There was no public comment.

TOWN HALL MEETING

The Committee felt that the Town Hall Meeting was well received in the community and it was educational for the media and public.

DISPROPORTIONATE MINORITY CONTACT TRAINING

Jane asked the following questions regarding Disproportionate Minority Contact Training of the committee....

- Does this committee feel that this training is something that all people should go to?
- How big do we plan it?
- How long/how many days do we schedule it for?
- Does anyone have any money budgeted for this type of training?
- Do we charge for the training?
- Breaks, lunches, etc?
- How do we propose we get this to happen?
- Could we tie into the DOC's COMPASS training?
- Bob Lawrence has told the committee that he would be able to get the La Crosse Center for free

Bill Hammes felt that everyone should go. He didn't feel that his agents would be willing to give up 2 days for training. He also felt if we tied it into social work credits or training credits, we could get more people to attend. Some felt that we shoot for early November, but everyone will get the dates of their conferences that they will already be attending and bring back to the next meeting. Jane will discuss with Bob Lawrence and Lori Fridell to see if she can train a broader range of people rather than just law enforcement and also how to go about selling the idea now. Pat Brummond will check for any grant money for district judges.

MISCELLANEOUS ITEMS

- Vicki Burke spoke with Jane about this committee, the CJMC Executive Committee, becoming part of the La Crosse County ordinances, which it is not currently. The regular CJMC is a part of the La Crosse County ordinances. This group agreed and this topic will be put on the CJMC agenda.
- Next month at this committee Jane would like to give a TJC update. She distributed a TJC Performance Management Worksheet showing the core measures that they have us pay attention to. For La Crosse County, they have really been focusing on how we should pay more attention to higher risk, higher needs people and less attention to lower risk, lower needs people.

The TJC Project is finished in early fall. Jane has been working on setting up plans with Coulee Cap and Workforce Connections, plus she has some funding, in helping to provide some housing assistance. She is setting up policies and procedures to get this up and running.

Next Meeting Date: April 13th at 11:30 a.m. to 1:00 in the LEC Room 1615.
