

APPENDIX B

Modify Poor Outdoor Lighting

Very Bad Area Floodlight	Fix By: Aiming Downward	Good Even Better if Fixture is Replaced or External Housing is used
Poor Wall Light	Installing a Shield	Good Opaque Shield
Very Bad Security Light	Installing a Shield	Good Opaque Shield No Mercury Vapor Lamps even if shielded
Poor Landscape Light	Getting a New Fixture and New Location	Good Light from Top is Best If Bottom can't be seen or low

New Outdoor Lighting " Aim " for...

**No Glare - No Sky Glow
No Light Trespass**

Post Style Lamp Lamp set in opaque top to control light downward
Wall Light Full Cutoff Fixture
Yard Light Opaque Reflector
Sign or Billboard Focus onto Sign or Billboard Do Not Shine Upward from Bottom unless very low lumens and properly adjusted
